

**Images Photography Group  
President's Report 2021  
Bill Fitzgerald**

- It's my great pleasure to welcome all our members to a celebration of our fourteen years of Images Photography Group.
- Firstly, our very special thanks to Harvey Norman Pukekohe for their very generous support with print vouchers each month .
- Congratulations to everyone for your wonderful summer assignments, your many successful entries in competition this year and your wonderful submissions each club night. You really have done a brilliant job at creating some stunning photographs and should be extremely proud of your achievements and continued improvements.
- This year with Covid 19 has thrown us a new challenges of finding ways to keep judging still happening while club night was suspended and thanks to Stu and Bev for getting an online system up and running,
- This system will be used in the future as it is getting much harder to get judges to come to club to judge,

#### GOALS

- 1 This year we had many goals, the first being to ensure that each member has the opportunity to learn good, sound knowledge of all the basic photography skills and those skills that take your photography to another level.
- 2 Thanks again to Stu, there are now many tutorials up on our website to help you with all aspects of photography
- 3 We will continue to bring you as much photography-related information as we can through our newsletter, emails and website to help keep you up-to-date with what is happening in the photographic world.
- 4 As Bev and Ewen are taking a break for a while, there are some big gaps to fill this year.

#### THANKS

All the best for 2021 – and enjoy what you are doing.

Bill Fitzgerald  
President  
Images Photography Group
