

MONOCHROME / DUOTONE

WORKSHOP

SUNDAY 15TH MARCH

10.00 AM

PATUMAHOE BOWLING CLUBROOMS

JOHNS St

PATUMAHOE

We will have a play with whatever software you have to convert your images to black & white or duotone.

High contrast images can make great monochromes, or you can go high key with a bright white image.

Come along with a laptop and some images to see if they will convert to a successful black & white or to a duotone image.

This will be a hands on workshop, working at your own pace.

Bring your lunch, tea & coffee will be provided.

Please register your interest by emailing Lynn at treasurer@images.org.nz by Thursday 13th March.
