

Outing Bleeps

A warm sunny day ensured that our Kaiiua outing was really enjoyable, great company, plenty of birds. At July club night be sure to have your shutter settings ready to share as you own your photo.

You can find the shutter speed by right clicking while hovering over your image. Go to properties, then detail and you should find all the settings for the image.

There is no July outing as we have June and July workshops, club meeting and Salon.

On SUNDAY 19TH AUGUST (note date change) we are going into Auckland City in search of 'People in and out of Context' ready for September set subject. This is a two-photograph set subject. Please park in the Aotea Square Underground carpark with entry via Grey Avenue, then at 10am meet beside the Town Hall in Queen Street. After a coffee stop we will go down Queen Street and thence wherever the group decision takes us.

Keep in mind outings and set subjects ahead;

September 15th – Graveyard Atmosphere, with a proposal of going to the Huntly cemetery at sunset which is at 6.10pm

October 13th - Sub-framing, at Hamilton Zoo. (Mr Google can explain Sub-framing for you!

November 17th – Junkyards, with suggestions of Netherton Yesteryear Barn and Museum, or Endeans Mill at Waimiha (app ½hour south of Benneydale) or Mohrings Saw Mill, Gordons Road Te Aroha. Choices, choices!

More information on all of these outings later, suggestions welcome, especially for 2019 outings.

Wherever and whenever you have your camera in your hands;

think opportunity – chance -surprise!

Margaret; Outings Co-ordinator
