

Harvey Norman & Auckland Camera Centre Summer Assignments

What is the Summer Assignment?

The Summer Assignment is designed to keep you busy with your camera, inspired and focussed on learning and experimenting over the Christmas period.

What is involved with the Summer Assignment?

Your subject of choice must be registered with committee by the end of our December club night, either in person on the night or by email by that night if you cannot attend the club meeting that night. This will then be the subject that you will photograph over the Christmas period. The assignment process requires you to produce a "set" of 10 images to bring to the February 2026 club night. You may also be asked to bring along digital copies of your images, resolution 1024 x 768 300ppi.

Are the Summer Assignments judged?

Yes. Judging will be completed by a panel of three external judges over the few weeks following February club night. The winners will be announced, and prizes awarded, at the March club night with assignments on display for other members to enjoy.

Why are we supporting the Pukekohe branch of Harvey Norman?

The Pukekohe branch is one of our sponsors. It is important to note that each Harvey Norman branch is privately owned and it is only fair that we support those companies committed to supporting Images as a club! **Will the judges provide any feedback on our assignments?** Yes. Committee will obtain written feedback on all images and we are hoping to have the judges for the summer assignment available on the March club night to speak with members (but will have to confirm this closer to the time).

SUMMER ASSIGNMENT - GUIDELINES

Along with the name change in recognition for the superb and ongoing support of the Photo Centre at Harvey Norman in Manukau, the following guidelines apply: **Images** - all photographs must be presented in print format, minimum size 6x8", & digital format, 1024 x 768 300 ppi; in order to offer return support to our fabulous sponsor, all images must be printed at Harvey Norman Pukekohe.

Presentation - presentation format is entirely of your own design and layout so get out there and get creative!
